

Our Mission

Assumption Catholic School, long standing in the community, nurtures a family oriented environment based on Catholic values. We emphasize a balance of spiritual, intellectual, and physical growth from which socially and morally responsible leaders will emerge. The school community works together to meet the needs of all students to achieve academic excellence, while building a strong faith in God.

Assumption Catholic School, long standing in the community, nurtures a family oriented environment based on Catholic values. Our Philosophy

Assumption Catholic School enhances academic excellence in order to inspire students to reach their fullest potential. The parents are the primary educators of their children. Assumption Catholic School teachers work in partnership with parents to provide a caring atmosphere that prepares students for lives of service and respect for one another, their families, their school, their church, and their local and global communities.

Teachers and staff foster personal and social development within a secure environment that promotes self-discipline and peaceful process. Based on Christian values, teachers and parents work together to offer learning that will develop skills necessary to make decisions regarding spiritual relationship with God, respect for life, fostering of diversity, and life-long health and sense of well-being.

Some see Uniformity

We see Unity

Quality Education

- ◆ Drama Club

Our Curriculum

Assumption Catholic School educates the whole student – spiritually, academically, physically, socially and emotionally. Assumption’s students use a basal approach to reading, using phonics, spelling and writing in an integrated and logical format throughout primary grades. The fine arts are incorporated throughout the curriculum.

As the students approach the intermediate grades the format centers on literature circles, writing in all genres, and utilization of language arts skills throughout the disciplines.

Math focuses on basic facts and operations and broadens out to problem solving strategies that equip all students for higher level mathematics.

Specialists include music, band, physical education and library media center. All students have religion class daily, attend Mass or Prayer Service weekly, and participate in service learning pro-

Parent Support

“Our main goal as parents is to teach our children to have a strong faith and the importance of keeping God as the main focus of their daily lives. By sending our children to Assumption School, we know that God’s teachings are being passed on to them throughout the day by instruction and by example. Being in an environment surrounded by teachers, friends, and families that all share this same goal is why we feel fortunate that our children attend Assumption Catholic School.”

— Tim and Lori Spink
